

### ■ Features

- ★ Stable frequency
- ★ Achieved low phase noise
- ★ High reliability and precision

### ■ Application

- ★ Computer control
- ★ Automobile telephone
- ★ Cordless telephone

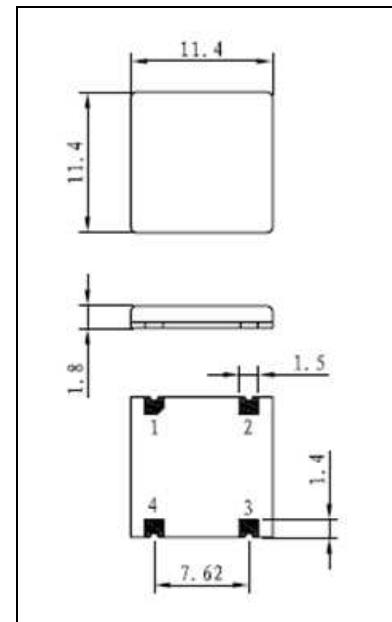

### ■ Specification (Characteristics)

| FREQUENCY CHARACTERISTICS            |                                  |      |           |           |
|--------------------------------------|----------------------------------|------|-----------|-----------|
| Parameters                           | Min                              | Max  | Units     | Condition |
| Frequency range                      | 1.0                              | 48.0 | MHz       |           |
| Frequency calibration                | 0.5                              | 2.0  | ±ppm      | @25°C     |
| Frequency stability over temperature | ±0.1, ±0.2, ±0.5, ±1.0, ±2.0 ppm |      |           |           |
| Supply voltage stability             | 0.05                             | 0.3  | ±ppm      | ±5%@25°C  |
| Load sensitivity                     | 0.03                             | 0.3  | ±ppm      | ±10%@25°C |
| Aging/year                           | 0.8                              | 2.0  | ±ppm/year | @25°C     |

| POWER SUPPLY    |      |      |       |
|-----------------|------|------|-------|
| Parameters      | Min  | Max  | Units |
| Supply voltage  | +2.8 | +5.0 | V±5%  |
| Current         | 1.5  | 8    | mA    |
| Voltage control | 0.5  | 2.5  | V     |

| OSCILLATOR OUTPUT      |                 |           |       |
|------------------------|-----------------|-----------|-------|
| Parameters             | Min             | Max       | Units |
| Output waveform        | C: clipped Sine | H:HCMOS   | T:TTL |
| Output load resistance | 10kΩ//10pF      | 1kΩ//15pF |       |

### ■ Dimension (Unit: mm)

### ■ Pin Connection

|       |                    |
|-------|--------------------|
| PIN 1 | V control (or N/C) |
| PIN 2 | GND                |
| PIN 3 | Freq output        |
| PIN 4 | Supply voltage     |

### ■ Part Number and Ordering

| Part Number Code | Holder Type + Frequency + Tolerance + Stability VS Temp. + Operating Temp. + PPM/VDC + Input Voltage |
|------------------|--|
| Ordering Code    | Same as Above  |
| Example          | TCXO-S11-25.0M-0.3-0.1-0/70-15/5-5V  |
